

Wir bringen Sprachen auf den Punkt.
We make your point.

SERVICES

Top-quality specialist translations into and from almost all languages

Highly qualified specialist native-speaking translators with many years of experience and extensive expertise in their respective field

ISO 17100:2015 certified translations

Additional use of a further native speaker as reviewer

Terminology management

Optimum efficiency and consistency through the implementation of CAT systems such as MemoQ or Trados for almost all translations

Copyediting

Tried and trusted native-speaking copyeditors who work with great precision and utmost care to optimise all kinds of texts

Interpreting and conference services, technical equipment

Highly trained, experienced and qualified interpreters; use of state-of-the-art equipment for interpreting as well as specialist staff supplied by our partners

Setting foreign languages and creating layouts

Highly professional graphic designers who are equipped and very familiar with all popular DTP and graphics applications that operate in a Windows or Mac environment

We use a vast variety of programs and formats

Ranging from MS Office (Word, Excel, PowerPoint) to internet-supported formats (HTML, XML, SGML) and DTP applications (InDesign, etc.)

We offer optimal service and advice for all your foreign-language needs.
